## DISTRIBUTION

[illegible]

1. During the course of the recent Soviet-Hungarian economic talks in Moscow, the Russians demanded that the entire Manfred Weiss Works on Csepel Island in Budapest be handed over to them to offset Soviet claims to German assets in Hungary. The factory would not be dismantled, but would be put under Soviet control. The Soviets allege that the Manfred Weiss family had commercial dealings with the Goering armament concern during the war, and base their claim partly on this allegation. 50X1-HUM
2. [redacted] the Hungarian Government still owes the USSR \$145,000,000 on the reparations account. The sum of \$55,000,000 has already been paid to date. The Hungarians also owe 1,000,000 quintals (about 100,000 tons) of wheat to the Soviets up to the end of 1947. The Hungarians have officially requested that the delivery of this wheat be postponed. Thirty thousand tons of wheat have already been delivered. 50X1-HUM
